

MODEL	RYCM-90C
CAPACITY	90L/D @30°C; 80%RH 53L/D @26.7°C; 60%RH
POWER SUPPLY	220V/60Hz
REFRIGERANT	R290*250g
RATED POWER	940W
RATED CURRENT	4.3A
MAX. INPUT POWER	1150W
AIR CAPACITY	1000m³/h
WATER TANK	No
WATER PUMP	Optional
WATERPROOF GRADE	IP22
Suction Side Pressure (MAX)	0.7MPa
Discharge Side Pressure (MAX)	2.3MPa
WORKING TEMPERATURE	5-38°C
MACHINE BODY SIZE	460*360*840mm(handle not included)
WEIGHT	38kg
APPLICABLE AREA	90-130m²/3m

Features:

1. Sheet metal machine body, frosted surface ; body color is optional
2. Big rear wheel, small casters, big handle
3. Automatically defrosting technology
4. High-precision temperature and humidity sensor equipped,adjusting humidity level automatically
5. Intelligent control panel
6. Auto-on/off function by timer
7. Memory function: If the machine is power off suddenly, the machine will keep its previous setting. And it will return to work automatically when the electricity is restored.
8. Customization support:Color,logo,package,etc
